

**Project: Standards for the Internet of Things**

**2. Workshop: IoT Data Interoperability**

**8<sup>th</sup> October 2018,**

**Max Planck Institute for Innovation and Competition, Munich**

**Agenda**

9:30-9:40 **Welcome by Prof. Harhoff and Prof. Drexl**

9:40-11:10 **Panel I – IoT Business Models and Data Interoperability – General Aspects**

**Chair: Dr. Fabian Gaessler**, *Senior Research Fellow, Max Planck Institute for Innovation and Competition*

**Speakers:**

- **Jan Rodig**, *CEO, Tresmo GmbH*
- **Prof. Markus Weinberger**, *Professur Internet of Things, Hochschule Aalen*

**Discussion (50 minutes)**

11:10-11:30 **Coffee Break**

11:30-13:00 **Panel II – IoT Business Models and Data Interoperability – Specific Fields**

**Chair: Dr. Beatriz Conde**, *Senior Research Fellow, Max Planck Institute for Innovation and Competition*

**Speakers:**

- **Prof. Boris Otto**, *Managing Director, Fraunhofer Institute for Software and Systems Engineering*
- **Basia Radon**, *Senior Legal Manager, Zeotap*

**Discussion (50 minutes)**

13:00-14:00 **Lunch**

14:00-15:30 **Panel III – Data and API Standardization**

**Chair: Prof. Josef Drexl**, *Director, Max Planck Institute for Innovation and Competition*

**Speakers:**

- **Alan Carlton**, *Vice President, InterDigital Europe, Ltd; Representative at OneM2M*
- **Dr. Erik Wilde**, *Principal Consultant, CA Technologies; API Academy*

**Discussion (50 minutes)**

15:30-16:30 **Final Session – Exploring the Economic and Legal Implications of IoT Data Interoperability Standards**
